## Transform your pool into a luxurious mineral bath.

Specially blended minerals are designed to soften your pool or spa water, for a swimming or bathing experience like no other. Swimmers can absorb up to 500 ml of water in an hour of pool use and the unique blend of acqua therepé can provide health benefits for the skin, hair, eyes and nervous system.

Suitable for most salt chlorinators, acqua therepé TRANSFORM is easily dissolved into the pool water and its ingredients help prevent staining and assist in preventing calcium and scale build up in the salt chlorinator cell, heaters, pool interior and other equipment.

acqua therepé TRANSFORM is a concentrated blend of minerals that is added to a conventional salt or freshwater pool to TRANSFORM it into a luxurious mineral pool. Your skin will feel softer and rejuvenated. Hair is less tangled after swimming and eyes are soothed when aqua therepé TRANSFORM is added in the recommended quantity.

Swimming is well known as one of the best forms of exercise for the cardio vascular system, now enjoy the benefits of a mineral bath from your pool and enhance your pool or spa experience with our patent pending blend of acqua therepé.

acqua therepé levels are easily tested by your professional pool shop and can be topped up with acqua therepe complete minerals or a combination of conventional salt and acqua therepé TRANSFORM.

### Direction for use:

Before adding acqua therepé adjust Total Alkalinity to 80ppm and pH to 7.4

### Freshwater Pool

- With the pump and filter in operation, pour the contents around the edges of the pool.
